Technical Specification Sheet

Product:White pet film

Application : widely used for label, tape, release coating and etc.

Features

White and opaque, Even thickness

Good dimensional stability, Excellent processing ability

No.	Property	Unit	Typical Values	Test Method
1	Thickness	Micron	23-100	ASTM-D-374
2	Tensile Strength (MD/TD)	Mpa	≥ 130	ASTM-D-882
3	Elongation(MD/TD)	%	≥ 60	ASTM-D-882
4	Shrinkage @150°C / 30 Minute	%	$\leq 1.5/0.5$	ASTM-D-1204
	MD / TD			
5	light transmsion	%	≤ 25	ASTM-D-1003

Description: MD longitudinal, TD for transverse.

Description above data is only the typical value of the test data, can not be understood as guaranteed values; typical values can be appropriately adjusted according to customer requirements.
