

SHANGHAI C&N Industrial Group Ltd

Add:#15,Lane 1518,Guangfulin Road,Shanghai,201620

Technical Specification Sheet

Product:White pet film 302L

Application : widely used for label, tape, release coating and lamination etc.

Features

Good dimensional stability, Excellent processing ability

No.	Property	Unit	Typical Values	Test Method
1	Thickness	Micron	25	ASTM-D-374
2	Tensile Strength (MD/TD)	Mpa	≥ 150	ASTM-D-882
3	Elongation(MD/TD)	%	≥ 60	ASTM-D-882
4	Shrinkage @150°C / 30 Minute	%	$\leq 2.0/1.0$	ASTM-D-1204
	MD / TD			
5	Surface Tension(corona treatment)	mN/m	≥ 52	ASTM-D-2578
6	light transmision	%	15	ASTM-D-1003

Description: MD longitudinal, TD for transverse.

Description above data is only the typical value of the test data, can not be understood as guaranteed values; typical values can be appropriately adjusted according to customer requirements.
